FREMONT HIGH SCHOOL

FREMONT, INDIANA

## FOREWORD

Sir Isaac Newton said: "Time flows equably and without regard to anything external. "Therefore, one portion of Time can only be distinguished from another by the events that occur in them. The 1961-62 school year at Fremont contained many events that distinguish it from any other portion of Time. This year's Time has left its indelible print--memories.

--Memories of Autumn Time, when the leaves of autumn's trees were turning and so were the leaves of students' books.

--Memories of winter Time when winter's snow drifted to the ground and student's attention drifted out the windows to watch it.

--Memories of spring Time, when spring's buds were eager to fling open their blooms, and students were anxious to forget their troubles.

So this one-year stretch of Time has made its way into the lives of Fremont students and out again. The seasons have come and gone, slowly while passing, but all too rapidly now that they are past.

Our Principal  
Mr. Stephens

Well known around Fremont is our Principal, Mr. Stephens. As a friend or as Principal, he cannot be beaten in the opinion of the students. He holds meetings, interviews new teachers, makes announcements, "peps up" pep sessions, and frowns upon evil. His work is never done. There's always more to do, and he doesn't mind helping people with individual problems. Seniors can tell you this when college time "rolls around."

Our Secretary  
Mrs. Rathbun

Her laugh and smile are familiar . . . Give her a typewriter, a telephone, and a problem; she's content. Let the office become noisy and she's very "disturbed." Being the office secretary means real work, and there's plenty that Mrs. Rathbun does in the Fremont office.

#### MR. MERTZ

Mr. Mertz has been an outstanding member of the Fremont School System. His job as Superintendent and Principal of the grade school has shown to the people the great potential he holds.

#### MRS. MARSHALL

Mrs. Marshall's rich personality and fine attitude have earned great respect for her. She is very efficient and always helpful.

#### SCHOOL BOARD

This policy-making and governing body of the Fremont Consolidated Schools ever strives to better the facilities and excellence of the school system.

The cheerleaders spur the team.

Don't, that's gunpowder

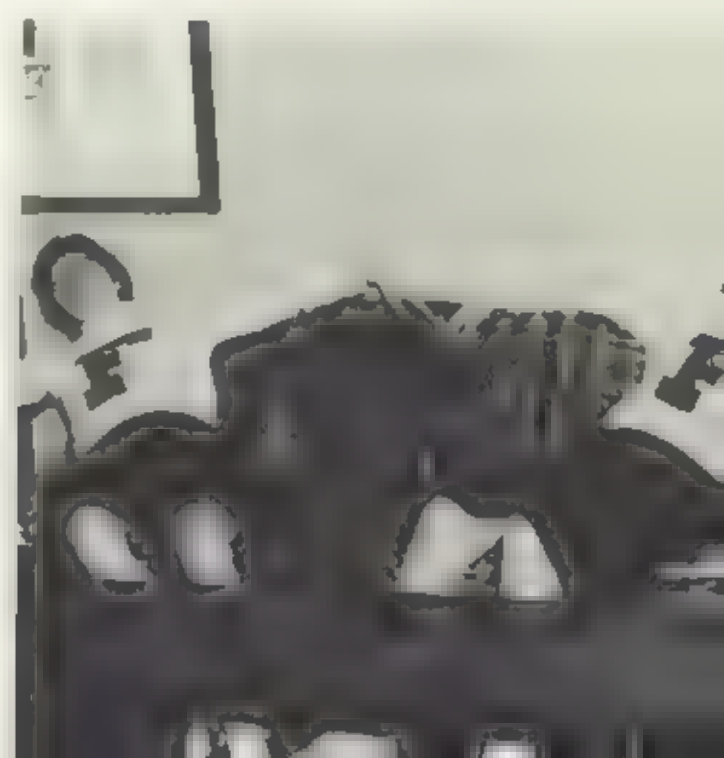

Sweep, don't dance.

Doesn't our queen look nice?

Whew, what a game

Remember your diet?

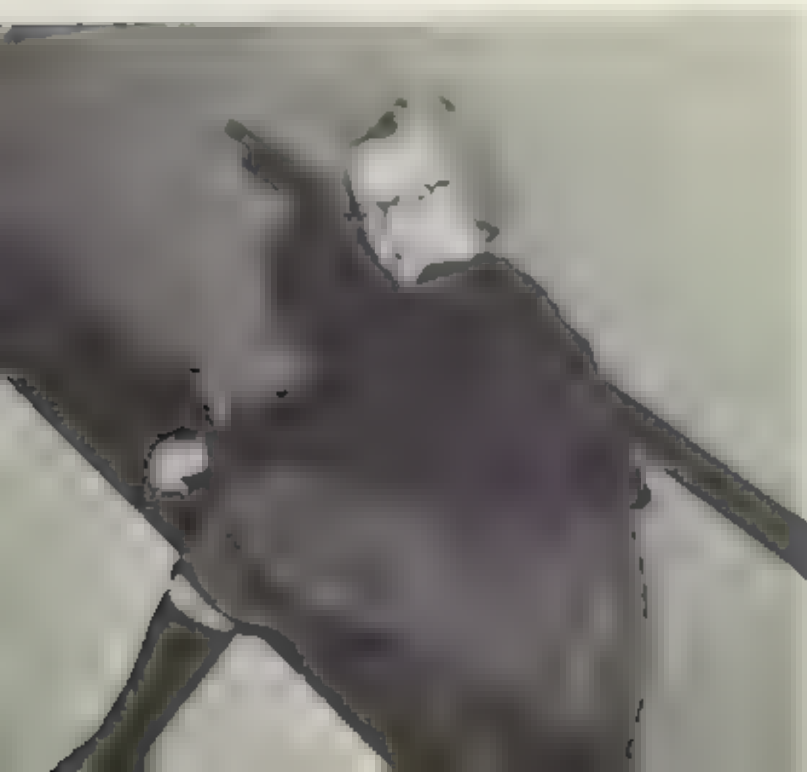

You don't understand

See no evil, speak no evil, hear no evil

Watch out for splinters!

Next time don't swing on the door!

## FREMONT PEP CLUB

This year the Pep Club of F.H.S. consisted of 100 students. We feel that this organization adds more to any school because it makes each student feel he has an active part in the Athletic department. It not only proves that by organizing we can be of more value to the basketball teams, but it also expresses a school spirit which should always exist in competitive sports. This year the Pep Club has been active in raising funds by sponsoring a record hop and having bake sales. The cheerleaders attended conference this year and learned many big noise yells. They all express their thanks for the cooperation given from this organization in making their work an enjoyable experience. We are all looking forward to a bigger and better organization in the future.

Everyone had a wonderful time.

An abstract geometric composition featuring a large, dark, irregular shape at the top, a smaller dark rectangle to its right, and a large, light gray circle below them. Thin black lines and dotted lines connect these shapes, creating a sense of movement and structure. A small dark square is located at the bottom center, and another is on the right side, connected by a vertical line.

# ATHLETICS

The health and vigor of our environment are expressed by our outstanding athletic achievements. The ability to handle the body with the grace and accuracy necessary for top athletics, the stamina to go a little more than all the way, the stubborn refusal to give up until the last gun is fired--these are products of unsurpassed surroundings.

In our broad program every pupil may find athletic expression whether it be in the individuality of track or the team play on the court or the diamond.

The caliber of the Eagles' coaching staff had led to an enviable reputation for quality team play and sportsmanship.

## FOOTBALL

Although this was Fremont's first year for football, our squads did remarkably well. We are deeply appreciative of the effort put forth by the coaches, managers, and individual players. Everyone is looking forward to even more **successful campaigns in the future.**
